

# ROFI ARMADILLO

## Description

The **ROFI Armadillo** vest provides the best protection combined with high comfort and flexibility to work freely in the mine field. The design facilitates protection for the deminers when in upright position operating the metal detector, as well as in both squatting and kneeling position during prodding. To ensure best possible comfort, the Armadillo comes with a stand-off liner and a special ventilation channel.

**ROFI Armadillo** consists of a vest unit covering the upper body, shoulders and neck, and a lower protection panel that cover the abdomen, sides and groin.

**ROFI Armadillo Panty** deminer suit consists of vest as standard Armadillo vest and panty protecting down to the knees.

The ballistic inserts of the vest can easily be removed, and the outer cover can be washed in a washing machine in 40°C.

## Key features

### Ergonomics

Optimal weight distribution for freedom of movement. Can be delivered in various sizes

### Durability

Replaceable outer covers in high-end quality

### Availability

We have products in stock for short delivery time. Pragmatic export license application

### Protection levels

STANAG 2920 and other international standards

📍 Gammelseterlia 23, N-6422 Molde, Norway

# Areas of use

• Manual demining in humanitarian operations

• Suitable for use in tropic areas with focus on comfort and flexibility

## Highlighted accessories

Combined with **ROFI Face Mask**, the ROFI Armadillo vest provides an advanced protection combined with high comfort and flexibility to work freely in the mine field. The design facilitates protection for the deminers when in upright position operating the metal detector, as well as in both squatting and kneeling position during prodding.

Articulated rigid shell connected by a pivot assembly that protects the knee. A thick shock absorbing foam pad that protects the user and gives cushion against hard impact. Elastic straps make the **knee shields** ideal for kneeling for long periods of time. Protects against: Glass, rocks, sharp objects, sparks, metal edges blows and impact.

Practical **transport bag** for easy logistics and caring.
